

BUSINESS RECOGNITION

the town of
Conception
Bay South

Celebrating fifty years of community.

Eagle Construction Limited

88 Blackstrap Path
Established 1972

Eagle Construction Limited has been deeply embedded in the growth of Conception Bay South for over 50 years. The company has been a driving force behind the residential advancement of the town, continuously providing new homes to customers in Conception Bay South and the surrounding areas since 1972.

A third-generation business, Eagle Construction was founded by Ernest Caines, a municipal pioneer and member of the original Town Council formed upon Conception Bay South's incorporation in 1973. Ernest's son Val eventually took over the business, motivated by watching

Val and Jeremy Caines accepting the Atlantic Home Warranty Customer Choice Award in 2018.

his father supervise the construction of the old Town Hall, library, and east end fire station. Val's son Jeremy soon followed suit, and now plays a key role in the operation of the business.

Eagle Construction's philosophy centers around quality workmanship and building lasting relationships with their customers. These strategies have proven effective as repeat customers, referrals, and word of mouth advertising have largely contributed to their success. The company has received the Atlantic Home Warranty's Customer Choice Award for 2018, 2019, and 2022 demonstrating their true dedication to customer service.

Today, Eagle Construction primarily focuses on residential construction services; however, when schedules permit, the business is equipped to take on a broad range of other residential services. While steeped in tradition, they have proven their ability to adapt to customers' needs in a changing environment.

"I tip my hat to all successful and operating businesses in our beautiful town - Running a successful business is hard work - and very satisfying," said Val.
