

BUSINESS RECOGNITION

Celebrating fifty years of community.

Hickey's Timber Mart

1117 Conception Bay Hwy
Established 1973

In the early 1970s, after working in the Sears home renovation department for a number of years, Jim Hickey, along with his wife Mary began selling windows and doors out of their garage. The modest business began to grow, and soon, they transitioned to selling out of a proper storefront in Harbour Main. Along with their initial offerings of windows and doors, Jim and Mary expanded their catalogue, selling other building materials, including plumbing and electrical supplies and insulation.

By 1980, the Hickeys had further developed their business and opened a second location in Conception Bay South. Today, they have four locations across the Northeast Avalon region: one store in

Hickey's Timber Mart location in Conception Bay South.

Harbour Main, one in Conception Bay South, and two in St. John's. The St. John's East location opened in 2012 and the St. John's West location opened in 2022. These strategic locations ensure that anyone in the St. John's regional market is within a 15-minute drive from a Hickey's Timber Mart.

Fifty years later and Hickey's is still a family-run business with traditional values. At 75, Jim continues to run the Harbour Main location, with Mary taking care of the accounts payable and receivable. Their children Ashley, Jay, and Brad all play key roles within the business and continue to contribute to the company's success. "We all play a role and support each other," said Brad. Their 70 full time, permanent staff members are also a driving force in the company's success.
